Forecast For Wales
Issued by Met Office Exeter
at 0400 on Monday 16 Aug 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Another cloudy day, with breezy winds. Dry for most, however.

Today:
A cloudy day across the country, with occasional bright or sunny spells. While dry for most, the odd isolated shower is possible at times through the morning. Breezy winds throughout, especially for exposed locations. Maximum temperature 19 deg C (66 deg F).

Tonight:
A dry evening for all, ahead of an area of low cloud and rain that moves into the north of the country overnight. Southern areas largely dry, but becoming cloudy. Minimum temperature 13 deg C (55 deg F).

Tuesday:
Another quite cloudy day for all, with intermittent outbreaks of patchy rain and drizzle possible throughout, especially in the north. Feeling cool, with breezy winds continuing. Maximum temperature 20 deg C (68 deg F).

Outlook for Wednesday to Friday:
Staying cloudy through this period, with only occasional bright or sunny spells. Patchy rain or drizzle remains likely, largely for coasts and hills. Heavier, more persistent rain arrives late Friday.
